HOME VENUE CHOICE

### LEEDS HANDICAP CUP DIVISION 3-6

**Open to those teams that are knocked out of the first round of the normal cup competitions.**

(a) Teams competing in the Leeds Handicap Cup shall consist of three players each of whom shall play each member of the opposing team four games only finishing when one player reaches 11 points. The game shall be deemed to be won on points tally, and a handicap system shall apply. In the event of a tie on points tally, one set of doubles shall be played - consisting of four games. This set shall also be deemed to be won by total points scored. One ninth of the handicap determined by Rule b rounded to the nearest whole number shall apply for the doubles set. In the event of the doubles set also being tied, further doubles sets shall be played using different combinations of players and subject to the same handicap until a result is obtained.

(b) In the Leeds Handicap Cup, a handicap system shall apply. The Match Secretary shall allocate a handicap to each player based on the previous season's playing average and the division competed in. The Match Secretary will have the right to allocate an arbitrary handicap for any new player, and to amend any allocated handicap during the season, based on performance to date during that season. To determine the winning team, each team shall add the points tally of the three players together. Any handicap which may be applicable shall be added accordingly, and the team with the most points after this has been added shall be deemed to be the winner. In the event of a tie, one or more sets of doubles, as set out in Rule (a) above shall apply. These sets shall also be won on points tally only.

(c) Teams may, by mutual consent agree to end the match if one team is so far ahead on points that further play is of no consequence to a result. No score will be required for unplayed set(s).

**Round 2 draw to be played week commencing February 20<sup>th</sup> or earlier if both teams agree.**
